Relevant Experience

Jr Web Developer · **Vandalay Business Solutions**   Oct 2023 — Present

Trainee   May 2023 — Oct 2023

- Enhanced expertise in ReactJS and its ecosystem, developing dynamic and scalable web applications.
- Introduced modern development tools and technologies, such as NextJs, Tailwind CSS, MongoDB, and AI tools to improve development efficiency and workflows.
- Gained hands-on experience with modern development tools, working in a fast-paced environment to deliver products in a timely manner.
- Collaborated across various domains, applying React to solve specific business challenges and deliver impactful results.

Intern · **Synnefo solutions**   Dec 2022 — Mar 2023

- Learned multiple programming languages used in web development, including HTML, CSS, JavaScript, Python, and Django.
- Through working on full-stack projects, I gained experience in both front-end and back-end development.
- This solid foundation in web development has served as a robust starting point in my career.
